

## CLASS EMAIL LIST

Sycamore High School Class of 64 has developed an email list for our classmates and you are urged to join. The purpose of the email list is to facilitate communication among us: simply by entering [sychi64@swedtex.info](mailto:sychi64@swedtex.info) you will send your email to everyone on the list.

Obviously the more folks who join, the more effective the list will be. So we encourage you to join and we ask that you spread the word to others of our class who have not yet joined. The list will be most helpful in coordinating class events but can also be used simply to keep in touch and share what's important to you.

Remember - anything you send to the list goes to everyone on the list, so don't use it if that is not your intent. But we do want you to use it.

To join the list, email me, Chad Swedberg, at [swedtex@austin.rr.com](mailto:swedtex@austin.rr.com)

Some important notes:

1. Joining is voluntary but the list will be useful only if we get maximum participation.
2. It is a "private" list meant only for our classmates. Anyone can request to join the list, but, as the list administrator, I must approve all requests. No list recipient names or email addresses are ever displayed in the email - only the list name is displayed. (The SENDER's name and address do show up like on any other email you send.) I will periodically email class members with list updates so all will know who the list covers.
3. To eliminate spam, we control who uses the list. Virtually anyone can send an email to [sycohi64@swedtex.info](mailto:sycohi64@swedtex.info). If a list member uses it, the email goes straight thru. If the sender is not on the list, that email will be held up until the message is reviewed & released. That still allows anyone to use the list but provides a firewall for unwanted junk mail. Note that if you send an email to the list from an alternate (e.g. work) address not on the list, the list will treat that as potential spam and hold it up for my approval.
4. If you find the list doesn't work for you, you can easily unsubscribe at any time by contacting me.

Chad
